DECLARATION UNDER 37 C.F.R. §1.132

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

I, the undersigned declarant, hereby declare and state that:

(1) This Declaration is submitted as evidence that Examples 2 and 3 of the above-identified application provide support for a viscosity range of about 30 to about 70 Cps. at 25°C.

(2) I am one of the inventors of the above-identified application.

(3) I reside at the following address:

Tami J. Tadrowski
11 Teal Court
Greensboro, NC 27455

I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail in an envelope addressed to: Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450, on June 26, 2003.

James D. Withers - Reg. No. 40,376

(4) I assisted in the production of samples of compositions shown in Examples 2 and 3 of the above-identified application.

(5) I assisted in the process of measuring the viscosity of samples of the compositions shown in Examples 2 and 3 of the above-identified application at room temperature (25°C.) after producing the samples.

(6) The viscosity measurements for the samples of the compositions shown in Examples 2 and 3 of the above-identified application were as follows:

Example 2: 28.8 Cps. and 35.0 Cps.,

Example 3: 53.5 Cps., 55.0 Cps., 55.5 Cps., 57.8 Cps., and 65.5 Cps.

(7) I further submit that sprayable cleaning compositions typically have a viscosity at room temperature (25°C.) of less than about 300 Cps.

(8) I also submit that cleaning compositions having a viscosity at room temperature (25°C.) of greater than about 1000 Cps., and certainly greater than about 2500 Cps. would not be sprayable compositions.

(9) I hereby declare that all statements made herein of my own knowledge are true, and that all statements made on information and belief are believed to be true; and further that the statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the above-identified application or any patent issuing therefrom.
